Find shapes and color!

Triangle - **Yellow**    Square - **Blue**    Rectangle - **Green**

# Shape Fun #4

Cut out the shapes below and arrange them to fit inside the larger shape at the bottom.

# MAKE YOUR OWN RAINBOW TANGRAMS

Tangram is an ancient Chinese geometric puzzle where a square is cut into seven pieces that can be arranged to create different figures.

**Objective of the puzzle :** To form a specific shape using all seven pieces, which may not overlap.

1. Print this pattern on cardstock or thick paper so it can be reused.
2. Cut out the pieces with the help of a parent.
3. Print out a tangram pattern card.
4. Ask your child to use all seven of these pattern pieces to recreate the picture on that pattern card.

**TIP:** Once your child learns to create the figure using a pattern card, ask him to create it again on plain paper, without using the pattern card as a guide.

# TANGRAMS BEGINNERS
